

Thin Client

# Ino SoC Series

## Ino Soc Series, the smallest System-on-Chip Thin Client with TI DM8148 processor

Optimized for Citrix HDX protocols and Microsoft Remote FX, is the ideal thin client to access virtual desktop infrastructures with high multimedia performance

- Built-in support to Citrix XenApp, XenDesktop, VMware View, Microsoft RDS with Remote FX infrastructures
- Is a green solution with very low power consumption, only 8W
- Its High reliability and easy remote management through Praim ThinMan console, ensure lower Total Costs of Ownership than a traditional PC
- Simple and secure access to company applications, without the risk of virus infection
- Very small dimensions, including DVI and VGA with dual monitor support, 4 USB external ports
- Video resolution up to 1920 x 1200 @ 30 fps with 3D graphics acceleration
- LCD VESA mounting on the back of the monitor
